## THE PERIOD FOR RESPONSE: [check only a) or b)]

a) expires \_\_\_\_\_ months from the mailing date of the final rejection.

b) expires either three months from the mailing date of the final rejection, or on the mailing date of this Advisory Action, whichever is later. In no event, however, will the statutory period for the response expire later than six months from the date of the final rejection.

Any extension of time must be obtained by filing a petition under 37 CFR 1.136(a), the proposed response and the appropriate fee. The date on which the response, the petition, and the fee have been filed is the date of the response and also the date for the purposes of determining the period of extension and the corresponding amount of the fee. Any extension fee pursuant to 37 CFR 1.17 will be calculated from the date of the originally set shortened statutory period for response or as set forth in b) above.

X Appellant's Brief is due two months from the date of the Notice of Appeal filed on Nov 16, 1998 (or within any period for response set forth above, whichever is later). See 37 CFR 1.191(d) and 37 CFR 1.192(a).

Applicant's response to the final rejection, filed on Mar 16, 1999 has been considered with the following effect, but is NOT deemed to place the application in condition for allowance:

*The examiner disagrees with the applicant's assertion that the disclosure of the present invention is adequate to enable one skilled in the art to make/use the invention. These non-disclosed features are essential to the present invention.*
